Resolution authorizing the purchase of mobile and portable radio equipment for the Police Department. (Chief Jenks)

SUMMARY:

The FCC has mandated a change to the radio systems in use by public safety agencies across the country, known as Project 25, or P25, in two phases. We have been in Phase I for several years now and 2017 is the year that Phase II has been mandated to begin. Project 25 or P25 is a suite of standards for digital radio communications for use by federal, state/province and local Public safety organizations in North America to enable them to communicate with other agencies and mutual aid response teams in emergencies.

As members of the Collin County Sheriff's Office radio system, we need to remain compatible with their 911 and dispatch systems. They are in the process of upgrading their system to comply with Phase II and we need to replace our current Phase I radios (they are not up-gradable) and purchase both mobile and portable radios in order to remain compatible.

During budget preparation, the Council was made aware of the required radio purchases and approximately \$119k was budgeted to cover those estimated costs. We have obtained price quotes for the radio equipment from two different vendors working on the County's radio project:

- Stolz Telecom--\$110,610.10
- DFW Communications--\$130,070.08

The Police department Staff has explored both price quotes. The Stolz Telecom quote is not only lower, but provides more of the accessories that the other vendor would charge extra for. Therefore, we recommend purchasing the radios from Stolz.

The Police Department was able to get a grant from the Office of the Governor, Criminal Justice Division, in the amount of \$78,926 to reimburse us for a portion of the Radio Compliance Upgrade.

STAFF RECOMMENDATION:

Staff recommends approval of the attached Resolution authorizing the purchase of police radios.

Resolution approving a Roadway Impact Fee Credit Agreement for Anna Elementary No. 3.
(Maurice Schwanke)

SUMMARY:

Anna ISD is building approximately 1500 feet of Leonard Drive in connection with the construction of the new Judith Harlow Elementary School. Since this portion of Leonard Drive is on the roadway impact fee capital improvement plan, the School District is entitled to roadway impact fee credits up to an amount equal to their cost of designing and constructing Leonard Drive.

It is expected that the cost of the roadway improvements will exceed the roadway impact fees that would otherwise be owed on this project. Notwithstanding, the roadway impact fee credits authorized by this Agreement shall not exceed the total roadway impact fees due on the project.

STAFF RECOMMENDATION:

Staff recommends approval of the attached Resolution approving the roadway impact fee Agreement. The Agreement is consistent with City regulations governing impact fee credits and off-sets.

AGENDA ITEM:

Conduct a Public Hearing (2nd) on the annexation of approximately 466 acres of land within the J. Chalmers Survey, Abstract No. 0233 and the S. Craft Sr. Survey No. 0165. (Maurice Schwanke)

SUMMARY:

On February 28, 2017, the City Council approved a Resolution setting the dates and times for public hearings on the proposed annexation of approximately 466 acres of land within the J. Chalmers Survey, Abstract No. 0233 and the S. Craft Sr. Survey No. 0165. The area contains 26 parcels of property with 5 single family homes, 18 manufactured homes, and two commercial buildings under construction and is bounded on the south by the Sam Rayburn Memorial Hwy. and is traversed by F.M. 2862 and County Road 526. The north boundary is County Road No.525. Notice of this public hearing was sent to all property owners within the described area on March 10th, 2017.

A Service Plan for the area has been prepared which explains how the City will fulfill its obligation to extend full municipal services to the properties being annexed (see attached). On February 28, 2017, the City Council approved an Automatic Aid Agreement with the Westminister Volunteer Fire Department (WVFD). Through this Agreement, the WVFD will continue to provide fire protection to the properties being considered for annexation.

Prior to annexing properties that are appraised for property tax purposes as land for agricultural, wildlife management use, or as timber land (as defined in Subchapter C, D, or E Chapter 23, Tax Code) the City is required to offer to make a development agreement with the landowner. Such a development agreement would: (1) guarantee the continuation of the extraterritorial (outside the city limits) status of the property for a period of time; and (2) authorize the enforcement of all regulations and planning authority of the city that do not interfere with the use of the property for agriculture, wildlife management, or timber.

The Council has elected to extend the same development agreement offer to the owners of all the properties being considered for annexation, including those that do not have a qualifying tax exemption. The offer of a development agreement was included with all notices sent to the affected property owners.

The proposed Development Agreement (if executed by the property owner & approved by the Council) would guarantee that the property would remain outside the city limits for one (1) year. At

the conclusion of the one-year period, the property owner would consent to voluntary annexation in 2018.

The City may elect to proceed with annexation of the subject properties if the owners decline the development agreement offer extended by the City.

This is the 2nd public hearing on this proposed annexation. The City Council may take action on this proposed annexation during their regular meeting on May.

STAFF RECOMMENDATION:

This is the second of 2 public hearings. No action by the City Council is required at this time.
