New Curbside Collection Program

CARDS Recycling is proud to announce the new curbside collection program for residents of the City of Anna. This is an informational tool to help you understand the services that CARDS Recycling will be providing. We strongly encourage you to read and retain this information for future reference.

Beginning September 1, 2020, CARDS Recycling will provide recycling and refuse collection for all residences. Under the new curbside collection program each customer will receive a new 64-gallon poly-cart for their recyclables and a 96-gallon trash cart collected once a week at the curbside (**carts will be delivered beginning the 15th of August**). These containers are provided at no additional cost. Upon receiving the carts, residents will roll the containers to the end of the driveway or designated pickup location on their designated collection day that can be found on the City of Anna Webpage. These changes will provide a cleaner and more efficient way to collect trash and recycling.

To make the program successful, the remainder of this information will outline important guidelines for you to follow when using the services available. This will ensure that you receive the best possible service with as little inconvenience as possible. **Upon receiving the carts, you may begin using them beginning August 31, 2020.**
